## A Better Way To Fly

Ultimate Jetcharters, the nation's leading Private Corporate Shuttle provider, has teamed up with *PublicCharters.com* to introduce an exciting, new air transportation service for the Cincinnati business community. Instead of having to deal with all the hassles of driving to CVG, paying to park far away from the terminal or arranging to be dropped off, waiting in long lines at ticket counters to check-in, enduring potentially long delays at security check points, and oftentimes facing long delays or cancelled flights on commercial airlines, Cincinnati-area business travelers can now take advantage of the convenient and cost-effective daily shuttle service Ultimate Jetcharters is offering from Lunken Airport to New York City/Newark via Morristown Airport.

## Private Service Made Public

Over the past three years, Ultimate Jetcharters has utilized its fleet of 30-seat Dornier 328 Jets to operate nine Corporate Shuttles for Fortune-ranked companies. We are now ready to apply the valuable experience we have gained from providing our high-quality, private service on thousands of Corporate Shuttle flights to the public charter service we are offering out of Lunken and Morristown Airports. Because these flights will be operated as public charters, participating companies will not have to make long-term commitments to take advantage of this convenient, cost-effective, and reliable service. Additionally, tickets for one-way or round-trip flights between Lunken and Morristown can be purchased quickly and easily online at [www.PublicCharters.com](http://www.PublicCharters.com).

### **Why Morristown Airport?**

Flights in and out of New York City and Newark are the most delayed in the country. JFK, LaGuardia, and Newark are all controlled by New York Approach. However, Morristown operates outside of this corridor. Therefore, there are virtually no flight delays in or out of Morristown tied to air traffic ground stops or delays at these other airports.

### **Ground Transportation**

Ultimate Jetcharters has arranged for ground transportation from Morristown Airport to Manhattan. The round-trip cost of this service is \$49.95. To make a reservation for this service, please call 800-437-3931 or 866-668-8943.
